POWER CONCENTRATED FLOOR DEGREASER

PRODUCT DESCRIPTION

Power Concentrated Floor Degreaser is a combination of surface active agents, sequestrants, and alkaline builders designed for cleaning all floors including 'altro floors' through hot or cold water cleaning systems. The product low in caustic and will not affect most surfaces. The water softeners in the formulation boost the cleaning properties in hard water areas and also reduce scale build up within the equipment.

PRODUCT DILUTION

Power Concentrated Floor Degreaser can be diluted up to 50-1 with hot or cold water depending on the severity of the cleaning needed.

PRODUCT APPLICATION

Power Concentrated Floor Degreaser is used for cleaning all grime from almost all surfaces
As with any cleaner it is recommended that a spot test is conducted to confirm suitability.

TYPICAL CHARACTERISTICS

Appearance	**-**	**Straw coloured liquid**
